

December Kindergarten News

Hello Kindergarten Families!

It's December and we're into the holiday season! The Kindergarten class continues to work hard and has fun learning every day. Our friends are getting really good at reading their sight words and knowing their letter sounds. They are starting to decode (sound out) words and it's amazing to see how quickly they're learning. In Math we have been continuing to work on shapes and addition. This month we'll also start learning subtraction.

Thank you to everyone who attended and participated in our Virtual Family Reading Night! All the families in our class participated and the children really seemed to enjoy it. This month we have 2 special center-wide holiday events. **First is the Pajama Party on December 11th from 5:30-8:30 PM.** This event will take place in our own classrooms this year due to Covid. Second, is the **Virtual Art Gallery event in lieu of our winter potluck. This will be Thursday, December 17th at 7 PM.** All families will receive a canvas and paint to create a family picture beforehand. At the gallery, each family will display their completed canvases over Zoom. Also we will have a **class holiday party on Friday, December 18th.** Children are invited to bring in holiday snacks or treats for the party, just be mindful of keeping them healthy. Also, **December 18th will be the end of the second quarter of Kindergarten, and I will be sending report cards out to each family at that time.**

I wish everyone happy and safe celebrations! Happy Holidays!

Ms. Candice
